

Issue 2013 September

A new academic year is here and we are all having the end of summer blues... Our teaching staff have been enthusiastically sitting in on multiple development courses... we extend our warmest welcome to them and wish them well among us... our maintenance crews are working hard to bring the final touches of their work to completion... our schools in Dubai are bursting with energy... we are now hearing the bell sounds calling the rightful occupants of our classes and hallways to their homes... it has been a long wait [Read More](#) and the walls of our schools are longing to record their summer stories..
